Statement of intent

Mobile phones, tablets and other personal electronic devices have become widely available and accessible to pupils.

Woodland Rise School accepts that personal mobile phones and tablets are often given to pupils by their parents to ensure their safety and personal security, but understands that such devices pose inherent risks and may jeopardise the learning environment.

As a school, we must strike a balance between personal safety and a suitable educational setting. We understand that parents may wish for their child to carry a mobile phone for their personal safety, whilst pupils may wish to bring additional devices to school for other reasons. This policy establishes how personal electronic devices should be used by pupils in school to ensure both personal safety and an appropriate learning environment.

Personal electronic devices include, but are not limited to the following items:

- Mobile phones
- Handheld entertainment systems, e.g. video game consoles, iPods
- Portable internet devices, e.g. tablets, laptops
- Wireless handheld technologies or portable information technology systems, e.g. devices used for word processing, wireless internet access, image capture and/or recording, sound recording, and information transmitting, receiving and/or storing

- Liaising with and reporting the relevant information to children's social care and/or the police, when it is necessary to do so.

Pupils are responsible for adhering to the provisions outlined in this policy.

3. Ownership and responsibility

Pupils are responsible for their own belongings. The school accepts no responsibility for replacing property that is lost, stolen or damaged either on school premises or travelling to and from school, and at school events.

Staff will be protected against liability in any proceedings brought against them for any loss or damage to personal devices that have been confiscated as an appropriate sanction, provided that they have acted lawfully.

Pupils are responsible for replacing school property they lose, damage or steal, including electronic devices.

Pupils and staff should enable a personal PIN or passcode on all the devices they bring to school to protect their personal data, images and videos in the event that the device is lost, stolen or accessed by an unauthorised person.

4. Acceptable use

Pupils bringing personal electronic devices into school must make their parents aware of this.

Personal electronic devices will be switched off and handed in on arrival at school.

The school will make reasonable adjustments for pupils to use their mobile phones in specific circumstances, e.g. to monitor a medical condition via an app or if they are a young carer.

Staff members will also not be permitted to use their mobile phone for personal reasons in front of pupils throughout the school day.

Staff and pupils will adhere to the Social Media Policy at all times.

Files will not be sent between mobile devices, and Bluetooth and Wi-Fi functions will be disabled while on school premises.

If pupils fall ill during school hours, they will not use their mobile device to contact parents; they will use the agreed procedures.

Under no circumstances will personal electronic devices be taken into examinations. Under no circumstances will mobile devices be used in changing rooms or toilets.

Personal electronic devices will not be plugged into outlets on the school premises without the express permission of the Heads of Centre, and they will have an up-to-date portable appliance test (PAT).

Staff will not give out their personal contact details to pupils. If correspondence is needed between staff members and pupils for homework or exams, staff should provide their school contact details.

Under the Voyeurism (Offences) Act 2019, the act known as "upskirting" is an offence. Any incidents will not be tolerated by the school. Despite the name, anyone (including both pupils and teachers) of any gender, can be a victim of upskirting.

A "specified purpose" is namely:

- Obtaining sexual gratification (either for themselves or for the person they are enabling to view the victim's genitals, buttocks or underwear)
- To humiliate, distress or alarm the victim

Any incidents of upskirting will be reported to the DSL and handled in accordance with the school's Child Protection and Safeguarding Policy.

5. Cyberbullying

All personal electronic devices will be used in line with our Online Safety Policy.

Incidents of cyberbullying will be dealt with and reported in line with the Anti-bullying Policy and the Positive Behaviour Policy.

As part of the school's ongoing commitment to the prevention of cyberbullying, regular teaching and discussion about online safety will take place as part of PSHE lessons.

6. Searching pupils

School pupils have a right for their private life to be respected under article 8 of the European Convention on Human Rights (ECHR). This right is not absolute, and the school can interfere with this right as long as it is justified, proportionate, and aligns with the powers to search in the Education Act 1996.

All searches will be conducted in line with the school's Searching, Screening and Confiscation Policy.

The Heads of Centre, and other authorised staff members, will have the power to search a pupil or their possessions where they have reasonable grounds to suspect that a pupil is in possession of a prohibited item. Mobile phones and similar devices will be deemed as prohibited items that may be searched for in line with the Positive Behaviour Policy.

In all cases the authorised member of staff will always:

- Seek the co-operation of the pupil before conducting a search.
- Ensure the pupil understands the reason for the search and how it will be conducted.
- Give the pupil the opportunity to ask any questions so that their agreement is informed.
- Have due regard to the DfE's 'Searching, screening and confiscation' guidance.

Staff may search a pupil's outer clothing, pockets, possessions, desks or lockers. Staff conducting a search must not require the pupil to remove any clothing other than outer clothing - outer clothing means any item of clothing that is not worn wholly next to the skin or immediately over a garment that is being worn as underwear and includes hats, shoes, boots or scarves. Possessions means any goods over which the pupil has or appears to have control - this includes desks, lockers and bags.

A staff member may ask a pupil to show them what they are doing on their mobile phone or tablet if they reasonably believe that the pupil is using the device to cause harm. If it is judged reasonable, the staff member may inspect the files or data on a pupil's electronic device and delete them if necessary.

Staff members will ensure they have a good reason to examine and delete data on a pupil's electronic device. When determining a good reason to examine data, staff members will ensure they reasonably suspect that the data has been, or could be, used to cause harm, undermine the safe environment of the school and disrupt teaching, or be used to commit an offence.

When determining a good reason to delete data, staff members will consider whether the material found may constitute evidence relating to a suspected offence and if so, choose not to delete the data. The data may be deleted if it is found likely to cause harm to any person, and the pupil and/or parent refuses to delete the data themselves.

If a search uncovers a device that is being used to cause harm, or which contains prohibited material such as pornography, a staff member can confiscate the device. If a staff member finds child pornography, it must be given to the police as soon as reasonably practicable. Where staff find stolen items like mobile devices, they must be given to the police as soon as reasonably practicable.

The staff member conducting the search must be the same sex as the pupil being searched. A witness to the search must be present; this should also be a staff member of the same sex as the pupil being searched.

Pupils are required to comply with any request to check their electronic device.

Pupils are required to comply with any request to disable the screen lock function of their electronic device and show any staff member what they are doing. Any pupil who refuses to comply with these requests will be disciplined in line with the Behaviour Policy.

7. Accessing and storing data

Downloading and accessing inappropriate websites and data on school-owned electronic devices is strictly prohibited.

Storing and using the personal data of any pupil or member of staff for non-work-related activity is strictly prohibited.

All data access requests will be handled in line with the school's Data Protection Policy.

8. Sanctions

Confiscated personal electronic devices will be locked away securely in the Heads of Centre's office. Confiscated personal electronic devices will be collected by the pupil's parent.

Bullying via personal electronic devices will be dealt with in line with the school's Anti-bullying Policy.

Mobile phones will be confiscated if they are seen, heard or used during the school day unless a pupil has been given permission. The Heads of Centre will determine the length of time they deem proportionate for confiscation.

9. Monitoring and review

This policy is reviewed annually by the Heads of Centre and DSL.

Any changes to this policy will be communicated to members of staff, parents and pupils by the Heads of Centre.

The scheduled review date for this policy is **August 2027.**
